# Profile

I am a graduated Higher Technician in Development of Web Applications, currently seeking a permanent career as a web developer. I have previously worked building computer hardware as an IT and Customer Support Engineer, and I have recently finished my training as a Web Developer. I have great attention to detail, I am good at prioritising my workload, using my own initiative when required, and I consider myself to be a professional and hardworking individual.

## Experience

Software Engineer

09/2019 – 01/2020

Tech Returners - Manchester

Tech Returners offers a free 15 programming course on the fundamentals of software engineering aimed at individuals looking to return or want a career in technology

In this course I learned and developed my knowledge of some languages and technologies like HTML, CSS, JavaScript, React.js, Node.js, GitHub, by solving problems and doing projects.

Relocation to the United Kingdom

09/2015

In this period, I was working in different companies in the role of production operative.

IT support technician

02/2006 – 05/2008

F1 Ayuda Informática, S.L – Spain

Building hardware, install software, repairs and sales, customer support in business, homes and phone, meeting deadlines, giving relevant training to new employees.

Education

Ilerna Online - Spain

10/2017 – 01/2020

Higher Technician in Development of Web Applications (HNC)

Developing, implementing and maintaining web applications, irrespective of the model used and using specific technologies, guaranteeing secure access to data and complying with the accessibility, usability and quality criteria required by established standards.

A Xunqueira – Spain

09/2002 – 06/2005

Expert in consumer electronics equipment (VET)

Install and maintain consumer electronic equipment, audio and video equipment, micro-computing equipment, and telecommunications terminals, performing the after-sales technical assistance in appropriate conditions of quality and response time.
